

Pennsylvania Association of Staff Nurses & Allied Professionals

June 18, 2026

State Representative Jason Ortity
Citizens for Jason Ortity
PO Box 81
Hershey, PA 17033

Dear Representative Ortity,

On behalf of the 11,000-plus frontline nurses and allied professionals represented by PASNAP, I am thrilled to inform you that the PASNAP Political Action Committee voted unanimously to endorse your campaign for re-election in 2026.

We value your deep commitment to protecting healthcare workers and advancing policies that make our hospitals safer for patients and staff alike, and we are enduringly grateful for your partnership in the fight for safe staffing standards, the push for critically needed workplace violence protections, and efforts to ensure that the voices of frontline caregivers are not only heard but meaningfully valued.

We look forward to standing shoulder to shoulder with you in the months and years ahead as we continue to advocate for Pennsylvania's patient community and for the protections and respect our members and all healthcare workers deserve. We are confident you will continue to serve the 46th House District with integrity, compassion, and dedication, and that you will remain a fierce advocate for working families across Pennsylvania.

Thank you for always having the backs of frontline healthcare workers. We wish you every success in your campaign—and a strong, decisive victory in November.

In solidarity and with deep appreciation,

Maureen May, RN
PASNAP President
